Date: July 4, 2023

To: Greatrock North Water and Sanitation District, Board of Directors

From: Lisa A. Johnson, District Manager

Re: July 17, 2023 Manager's Report

Agenda Action Items

II.A. Consent Agenda

- 1. Approve the Minutes of the June 6, 2023 special meeting regular meeting.
- 2. Ratify approval of the payment of claims for the period ending June 30, 2023.
- 3. Acceptance of unaudited financial statements for the period ending May 31, 2023, Schedule of Cash Position updated as of May 24, 2023, and Inclusion Summaries.
- 4. Operations and Maintenance Activities Report.
- 5. Review meter installation report.
- 6. Ratify approval of SIPA proposal for Board email set up.

I recommend approval of the consent agenda items.

III.A 2022 Audit

The 2022 audit has been completed and remitted to the auditor for their work. Given this, I would like to ask the Board to approve an request for extension of time to file. I have asked the auditor to attend the August meeting to present the audit to the Board.

VI. Country Club Ranchettes 1 and 2

I will summarize the inclusion agreement and the amendment to the current inclusion agreement with Homestead Heights at the Board meeting.

Review of monthly Water Resumes and Other Water Related Matters

Attorney Poznanovic has reviewed the April resume and did not find any cases he would

recommend the district oppose.

Update on other District Related Matters and/or Committee Meetings

Ms. D'Amato will finalize the IT installation with CMIT in July. This will complete the Board meeting room and hybrid meetings will begin in August.

RECORD OF PROCEEDINGS

MINUTES OF A REGULAR MEETING OF THE BOARD OF DIRECTORS OF THE GREATROCK NORTH WATER AND SANITATION DISTRICT JUNE 6, 2023

A regular meeting of the Board of Directors (referred to hereafter as "Board") of the Greatrock North Water and Sanitation District (referred to hereafter as "District") was convened on Tuesday, June 6, 2023 at 4:30 P.M. The meeting was conducted via video conference – Microsoft Teams. The meeting was open to the public.

<u>ATTENDANCE</u> John D. Wyckoff Lisa Jacoby Robert W. Fleck Brenda Adams Brian Rogers

> <u>Also in attendance were</u>: Lisa Johnson, Shauna D'Amato, Michael Jensen, and Courtney Hoff; CliftonLarsonAllen LLP ("CLA") Mike Murphy; Ramey Environmental Compliance, Inc. ("REC") Nicholaus Marcotte, PE; Element Engineering Jay Scolnick; Premier Community Homes

<u>ADMINISTRATIVE</u> <u>MATTERS</u> <u>Disclosures of Potential Conflicts of Interest:</u> Ms. Johnson advised the Board that, pursuant to Colorado law, certain disclosures may be required prior to taking official action at the meeting. The Board reviewed the Agenda for the meeting, following which, Directors Wyckoff, Jacoby, Adams, Rogers, and Fleck each confirmed that they had no conflicts of interest in connection with any of the matters listed on the Agenda. Director Adams noted that she serves on the HOA Board for Box Elder Creek Ranch.

Agenda: Ms. Johnson distributed for the Board's review and approval a proposed Agenda for the District's regular meeting. Following discussion, upon a motion duly made by Director Wyckoff, seconded by Director Jacoby, and, upon vote, unanimously carried, the Board approved the Agenda, as presented.

Board of Director's Report: Director Wyckoff provided updates from a site visit last week at the Reverse Osmosis Facility. He met with the Moltz Construction staff regarding a floor crack in the facility, which will be monitored by Moltz Construction staff.

Director Wyckoff also provided an updated regarding the CMIT electrical installation.

RECORD OF PROCEEDINGS

District Manager's Report: The Board reviewed the monthly Manager's Report and Ms. Johnson provided updates. There were no questions. A copy of the report is attached hereto and incorporated herein by this reference.

<u>May 2, 2023 Election</u>: Ms. Johnson reported that the May 2, 2023 election was cancelled and that Directors Fleck and Rogers were deemed elected for 4 year terms.

<u>Appointment of Officers:</u> Following discussion, upon a motion duly made by Director Fleck, seconded by Director Rogers and, upon vote, unanimously carried, the Board determined to keep the same slate of officers:

	Office President Vice President Treasurer Secretary Assistant Secretary Secretary to the Board (non-elected position)	John D. Wyckoff Robert W. Fleck Lisa Jacoby Brian K. Rogers Brenda Adams District Manager

No assurance is provided on these financial statements. Substantially all required disclosures, the government-wide financial statements, and the statement of revenues, expenditures and changes in fund balances - governmental funds have been omitted. 9

Services Provided

Greatrock North Water and Sanitation District (District), was organized on May 27, 1998, as a quasi-municipal corporation and a political subdivision of the State of Colorado, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located in Adams County, Colorado. The District's purpose is to design, financing, acquisition and construction of certain infrastructure improvements necessary to provide pubic water and stormwater drainage and detention to the property owners and residents of the District.

The District has no employees and all operations and administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material. For financial statements reporting under generally accepted accounting principles (GAAP), the District uses the full accrual basis of accounting. Consequently, the terminology of "Funds Available" is used in the budget to distinguish the difference from GAAP accounting for Fund Balance. Funds Available represents each fund's current assets less its current liabilities except for the current portion of long-term debt. In addition, the budget separates individual funds, which are included as one entity in the GAAP presentation.

The budget provides for the annual debt service on the District's general obligation debt as well as the general operation of the District and capital improvements.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary Information page of the budget using the adopted mill levy imposed by the District.

No assurance is provided on these financial statements. Substantially all required disclosures, the government-wide financial statements, and the statement of revenues, expenditures and changes in fund balances - governmental funds have been omitted.

Revenues (continued)

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7% of the property taxes collected by the General Fund and Debt Service Fund.

Water Service Charges

The District bills its customers monthly for water services. Revenue for water service is comprised of billings to residential customers. Fees are based upon a base fee and water meter readings at established rates.

Availability of Service Fees

The District anticipates collecting approximately \$3,000 in availability of service fees. Availability of service fees are imposed on properties in need of future services.

Water Lease Irrigation

The District anticipates collecting \$7,500 from Box Elder Creek Ranch Water Company for the option to lease a portion of its Laramie-Fox Hills aquifer ground water available for specific uses.

Net Investment Income

Interest earned on the District's available funds has been estimated based on historical interest earnings.

Expenditures

Administrative and Operating Expenditures

Administrative expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, management, accounting, insurance, and meeting expense. Operating and maintenance expenditures are estimated expenditures related to the operation, repair and maintenance if the District water plant and systems.

County Treasurer's Fees

County Treasurer's fees have been computed at 1.5% of property tax collections.

Capital Outlay

The budget anticipates construction activity during 2023, primarily for infrastructure improvements within the development. These expenditures are detailed within the budget.

29

Expenditures (continued)

Debt Service

Principal and interest payments in 2023 are provided based on the debt amortization schedule from the \$4,750,000 Series 2017 General Obligation Refunding and Improvement Bonds and the \$1,970,000 Series 2020 Loan Agreement (discussed under Debt and Leases).

Debt and Leases

Series 2017

On December 21, 2017, the District issued \$4,750,000 in Series 2017 General Obligation Refunding and Improvement Bonds, which bears average interest of 2.950%, maturing on December 1, 2044. The Series 2017 Bonds refunded the Series 2007 Bonds and provided \$2,000,000 for capital infrastructure projects.

The bonds are secured by and payable from the levy of ad valorem taxes consisting of monies derived by the District from the following sources, net of any collection costs (1) revenues from an ad valorem mill levy imposed upon all taxable property of the District each year, and (2) the portion of the specific ownership tax which is collected as a result of the imposition of the mill levy. The District is required to levy an ad valorem tax to pay the principal of, and interest on, the bonds without limitation as to rate and in an amount sufficient to pay the bonds when due. The adopted mill levies imposed the District, are displayed on the Property Tax Summary Information page of the budget.

Series 2020

On September 10, 2020, the District issued \$1,970,000 of debt under the Series 2020 Loan Agreement, which bears interest of 1.320%, maturing on December 1, 2030. The Series 2020 Loan refunded the Series 2010 Bonds.

The bonds are secured by and payable from the levy of ad valorem taxes consisting of monies derived by the District from the following sources, net of any collection costs (1) revenues from an ad valorem mill levy imposed upon all taxable property of the District each year, and (2) the portion of the specific ownership tax which is collected as a result of the imposition of the mill levy. The District is required to levy an ad valorem tax to pay the principal of, and interest on, the bonds without limitation as to rate and in an amount sufficient to pay the bonds when due. The adopted mill levies imposed the District, are displayed on the Property Tax Summary Information page of the budget.

The District has no capital or operating leases.

Reserves

Emergency Reserve

The District has provided for an emergency reserve equal to at least 3% of the fiscal year spending as defined under TABOR.

Greatrock North Water & Sewer District Monthly Activities Report May 15th, 2023 – June 15th, 2023

Daily Operations Summary

Greatrock North (GRN): Record LFH Well #1, UKA Well #1, and distribution flow totalizers. Visual inspection of generator to record run hours and check for any active faults. Collect and analyze chlorine residual samples each visit. Collect entry point sample to analyze for pH and conductivity weekly. Complete walk through of pump station to inspect distribution pumps, distribution pressure/tank level, and verify operation of PRV.

Rocking Horse Farms (RHF): Record LFH Well #2, UKA Well #3, and distribution flow totalizers. Visual inspection of generator to record run hours and check for any active faults. Collect and analyze chlorine residual samples each visit. Collect entry point sample to analyze for pH and conductivity weekly. Complete walk through of pump station to inspect distribution pumps, distribution pressure/tank level, and verify operation of PRV.

Box Elder (BE): Check SCADA for any active alarms and record process numbers. Record flow totalizers for wells, RO skid, and distribution meters. Visual inspection of generator to record run hours and check for any active faults. Collect and analyze chlorine residual samples each visit. Collect entry point sample to analyze for pH and conductivity weekly. Complete walk through of pump station to inspect distribution pumps, distribution pressure/tank level, and verify operation of PRV. Complete walk through of RO building to verify proper operation and record equipment run hours. Check chemical feed systems for proper operation and refill day tanks, as necessary.

05/15/23 (4.0hr) Completed routine checks at each facility. Adjusted RHF tank fill valve to match demand of the system. Manually filling GRN to replace usage.

05/16/23 (**4.0hr**) Completed routine checks at each facility. ESD onsite installing a new level transducer for GRN tank. Spoke with HOA Solutions to ensure the new transducer was calibrated and spanned correctly after installation.

05/17/23 (4.0hr) Completed routine checks at each facility.

05/18/23 (4.0hr) Completed routine checks at each facility. Manually adjusted RHF tank fill valve to match demand.

05/19/23 (4.0hr) Completed routine checks at each facility. Completed monthly work orders. Adjusted RHF tank fill valve to match demand and create extra storage.

05/22/23 (**4.0hr**) Completed routine checks at each facility. Adjusted RHF manual fill valve to meet demand gain storage from the weekend usage. Completed monthly work orders.

05/23/23 (4.0hr) Completed routine checks at each facility. Filled antiscalant tank that feeds the RO's.

05/24/23 (**4.0hr**) Completed routine checks at each facility. Flushed hydrants on E. 165th Ave. due to complaints of low pressure and air in the lines.

05/25/23 (4.0hr) Completed routine checks at each facility. Completed tank inspections at BECR. Had a power surge or interruption at BE causing the plant to be reset at the pumps, RO's, and wells.

05/26/23(4.0hr) Completed routine checks at each facility.

05/29/23 (4.0hr) Completed routine checks at each facility. Completed monthly work orders.

05/30/23 (4.0hr) Completed routine checks at each facility.

05/31/23 (**4.0hr**) Completed routine checks at each facility. Performed a meter pit inspection and meter installation in the Ranchettes Community, at Lot 6, 30025 E. 162nd Ave.

06/01/23 (4.0hr) Completed routine checks at each facility. Worked with ESD to troubleshoot PRV on E. 165th Ave. that is causing low pressure for the community.

06/02/23 (4.0hr) Completed routine checks at each facility.

06/05/23 (4.0hr) Completed routine checks at each facility. Collected monthly compliance samples and delivered to the lab.

06/06/23 (4.0hr) Completed routine checks at each facility. Passed out flyers in GRN neighborhood letting residents on E. 163rd Pl. that water will be temporarily off while a yoke is repaired.

06/07/23 (4.0hr) Completed routine checks at each facility. Started manual meter reads. Shut off valves to the mainline that run along 163^{rd} Pl. so the contractor could replace the yoke. Vacuumed out debris and water in the valve pits so the valve fits on the valve to close it.

06/08/2023 (4.0hr) Completed routine checks at each facility. Completed manual meter reads.

06/09/23 (4.0hr) Completed routine checks at each facility. Completed tank inspection at GRN.

06/12/23 (4.0hr) Completed routine checks at each facility.

06/13/23 (4.0hr) Completed routine checks at each facility.

06/14/23 (4.0hr) Completed routine checks at each facility.

06/15/23 (4.0hr) Completed routine checks at each facility.

RO Run Time	74.6 Hours
RO Concentrate Flow: 1 Pond (South)	246,180 gallons

Electronic Record and Signature Disclosure

DocuSign

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, CliftonLarsonAllen LLP (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact CliftonLarsonAllen LLP:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: BusinessTechnology@CLAconnect.com

To advise CliftonLarsonAllen LLP of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at BusinessTechnology@CLAconnect.com and in the body of such request you must state: your

previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from CliftonLarsonAllen LLP

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email

to BusinessTechnology@CLAconnect.com and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with CliftonLarsonAllen LLP

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to BusinessTechnology@CLAconnect.com and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process.

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <u>https://support.docusign.com/guides/signer-guide-signing-system-requirements</u>.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify CliftonLarsonAllen LLP as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by CliftonLarsonAllen LLP during the course of your relationship with CliftonLarsonAllen LLP.

OFFICE OF THE STATE AUDITOR • LOCAL GOVERNMENT AUDIT DIVISION KERRI L. HUNTER, CPA, CFE • STATE AUDITOR

Request for Extension of Time to File Audit for Year End <u>December 31, 2022</u> ONLY

Requests may be submitted via internet portal: https://apps.leg.co.gov/osa/lg.

Government Name:	Greatrock North Water & Sanitation District	
Name of Contact:	Allison Williams	
Address:	8390 E Crescent Pkwy Suite 300	
City/Zip Code	Greenwood Village, CO 80111	
Phone Number:	303-265-7886	
E-mail	Allison.L.Williams@claconnect.com	
Fiscal Year Ending (mm/dd/yyyy):	12/31/2022	
Amount of Time Requested (in days): (Not to exceed 60 calendar days)	60 days Audit Due: September 30, 2023	

Comments (optional):

I understand that if the audit is not submitted within the approved extension of time, the government named in the extension request will be considered in default without further notice, and the State Auditor shall take further action as prescribed by Section 29-1-606(5)(b), C.R.S.

Must be signed by a member of the governing board.

ENGINEER'S PROGRESS REPORT

Date:July 17, 2023To:Greatrock North Water and Sanitation DistrictFrom:Element EngineeringJob No.0041.0001RE:Monthly Engineers Report – New Items Bold

CAPITAL PROJECTS:

1. Water Treatment Plant Improvements - Construction

The Certificate of Substantial Completion has been provided to Moltz Construction. The date of Substantial Completion was set for October 6, 2022. The advertisement for final payment was posted as required and the final payment was issued. The end of the two-year warranty period is October 6, 2024.

2. Concentration Evaporation Pond

Element has reviewed all historic documents on the concentration evaporation pond and has contacted the subconsultant tasked with the concentrate line and pond grading design (CVL). The tasks necessary to complete design and permitting of the concentrate pond are as follows:

- Receive concentrate line and pond CAD files from CVL.
- Compile an Engineering Design and Operations Plan (EDOP), design plans, liner design, and specifications for the pond per CDPHE Section 9: Waste Impoundments.
- Finalize pond grading design and SWMP.
- Update concentrate line per request from developer and update easement exhibit.

Element has provided the district with a proposal to the district to complete pond design and CPDHE submittal (EDOP, plans, specifications). The EDOP, plans, and specifications will be to CPDHE for review and approval. After approval, the district will be granted approval for construction. CDPHE has strict quality control and construction documentation requirements including a construction QA/QC report that must be submitted after construction. Element can provide a proposal for pond bidding, construction observation, and construction QA/QC reporting at the appropriate time.

Element's proposal to complete the third concentrate pond and line has been approved by the district. We are currently working on the EDOP and plans. Also, we have provided a modified draft easement exhibit to Jay Scolnick for the revised concentrate line alignment.

As of August 29, 2021, Element continues to work on the concentrate pond design and EDOP. We have been coordinating with Jay on the concentrate line and have come to an agreement on the line location. We are finalizing what should be the last iteration of the concentrate line easement for signature by Jay. Our surveyor will require some field work for the easement in order to stamp the legal description. Also, there is additional survey required for the concentrate line design which will occur at the same time.

Additional survey field work was ongoing as of September 16, 2021. Element met onsite with the surveyor to confirm required items to be surveyed. Element held discussions about the potential to eliminate the proposed sump and pump in the proposed RO WTP if the concentrate line can be lowered. Element recommends any new concentrate main installation be 8-inch diameter SDR 35 PVC minimum.

Element has received the updated survey and has provided preliminary pond alternative layouts and costs as well as concentrate line profiles for the district's discussion at the October 26, 2021 work session. Upon a final decision for layout and pond location design documents will be created. Also, it is apparent that the concentrate line in Rayburn can be lowered, allowing the proposed sump in the ROWWTP to be removed and all drains go to the concentrate line.

Element was provided direction by the board to proceed with the west pond location and the gravity concentrate main running down Hudson Mile Road. Design work is ongoing with draft design documents expected to be complete in January. Element has reached out to Adams County to determine what permitting will be required for the project. A potential pre-application meeting with Adams County was requested.

Element has submitted the initial pre-application document to Adams County. A pre-application meeting with the county will be scheduled in the coming weeks based on the county's schedule. Work continues on finalization of the design. It is our goal to submit a draft of the design submitted to the board for review during the month of January.

A pre-application meeting with Adams County has been scheduled for Friday February 4, 2022 at 10:30 AM. This meeting will be held virtually. Element submitted progress plans on the concentrate pond to the district. We are now working to finalize the plans. The next step is to complete final internal edits and compile a stormwater management plan (SWMP) and finalize and submit the Section 9 Impoundment permitting report to CDPHE. This should be completed by the end of February to mid-March.

Element and CLA staff attended a pre-application meeting with Adams County. A detailed summary of submittal requirements was sent to the GNWSD board. In summary a Conditional Use Permit is required. The board approved Element to begin working on this submittal. Work is ongoing. We expect submittal of the conditional use permit and EDOP to Adams County and CDPHE in mid-March.

The public meeting for the conditional use permit is to be held at the April 5, 2022 board meeting. The required environmental study on the property is being completed by an Element

Element received the ownership and encumbrance report to research mineral rights owners to notify them (as required by Adams County). Also, we received the environmental report prepared by Olsson Associates that is required with the Conditional Use Permit. Our final task is to finalize the EDOP and submit it to CPDPHE and Adams County as well as provide notifications to mineral holders. This is to be completed by the week of May 30, 2022.

The EDOP and Adams County submittal have been completed and submitted. The Adams County review fee has been paid by Element.

Element has followed up with agencies to determine who is the primary contact. We have not been assigned a planner or engineer yet, but this is likely to occur soon.

Our project has been assigned a planner at Adams County. The county has promised to expedite the review of the project. Element will be ready to answer any questions or comments on the proposed project.

We held a county comment review meeting with Adams County on September 16, 2022. Comments received are relatively minor and we are currently working on the response letter. All responses have been completed. Element is confirming the Adams County requirement for landscaping.

It is recommended that the district proceed with bidding the project under the Construction Manager at Risk (CMAR) procurement procedure. We have completed responses to all Adams County comments. Also we held a meeting with CDPHE to request either an approval letter or a list of comments to respond to. CDPHE has indicated they will send a brief list of comments. We anticipate having those during the week of January 30th, 2023.

The district approved the CMAR bidding approach at the March 7th meeting. Element is working with the district's attorney to compile an Owner-CMAR agreement. Upon completion of this agreement, the CMAR bid documents will be completed and advertised.

The bid package is complete and we have forwarded all items to the district council to review. The attorneys are working to finalize the Owner-CMAR agreement.

The county has requested some minor modifications to the grading which are being completed. We are finalizing that for final re-submittal to the county. Our next step will be the planning commission and board of county commissioners.

The district's attorney has provided both the Owner-CMAR agreement and the Owner-Contract agreement. The CMAR bid package has been advertised and the bid package has been assembled. The following is the bid schedule for the CMAR process:

RFP Release Date	June 2 nd at 4:00 PM
Non-Mandatory Pre-Bid Meeting	June 9 th at 10:00 AM
Last Day to Request Interpretations of the Documents	June 16 th at 4:000 PM
Proposals Due (via email to nmarcotte@elementengineering.net)	June 23 rd at 4:00 PM
Anticipated Design Phase CMAR Award	July Board Meeting

Element has finalized and re-submitted all documents to CDPHE and Adams County for permitting purposes. This includes all grading and drainage changes requested by Adams County.

The CMAR package for the Third Concentrate Pond advertised and bid. The district received two (2) proposals. Please see the attached summary and recommendation letter for a detailed analysis of the bids and a recommendation for award.

3. Third Alluvial Well

Element will report items pertaining to the third alluvial well in this section.

Element met with the district's water resources engineer on August 12, 2021. It was discussed that the location of Alluvial Well 3 and 4 would likely be the best locations for the new alluvial well. Element has been requested to complete a construction and design cost estimate to tie each of these well locations into the existing raw water lines. This work will begin shortly.

The well locations 3 and 4 were determined to be the best locations as they produce a satisfactory amount of water and have better water quality than location 5, which tested very high in nitrates (> 20 mg/L).

A Basis of Design Report (BDR) must be submitted to CDPHE to add an additional water source. This BDR must include the results of extensive water quality testing. Two separate testing batteries must be completed in two separate calendar quarters. Also, once drilled, the well will need to be tested to insure it is not under the direct influence of surface water.

No work this period.

It is suggested that the board continue discussions of adding the third alluvial well. With the construction of the new water treatment plant being finalized, both existing alluvial wells are required for operation. Currently there is no redundant alluvial source.

GENERAL ENGINEERING – ADMINISTRATION

Element has been coordinating closely with CLA to onboard general engineering services. Element, CLA and GNWSD held an initial onboarding meeting at Element offices on June 10, 2021. An additional onboarding meeting with REC has been scheduled on June 30th, 2021 at REC offices. We have received all electronic and hard copy files from MMI and have reviewed them to determine the sum of available records.

Element has completed cost estimates to support 2022 budget preparation. This included estimated general engineering (ops and admin) fees, capital project fees, and engineering construction administration fees. A meeting to review the proposed budget items was held on September 22nd at REC offices.

Element is coordinating the additional information (survey) and scoping items on the concentrate line and concentrate pond and line alternatives in the General Engineering – Administration job number.

Element presented options to the board on concentrate line and concentrate pond locations. See Third Concentrate Pond reporting for more information.

Element provided draft General Engineering estimates and concentrate pond cost estimates for the 2023 budgeting period.

Element is currently working on budgeting and rate analysis updates for the 2023 calendar year. Also, we have been coordinating with the district's consultants on the Town of Castle Rock water court case.

Element is now meeting monthly with the district manager and operator to go over district related tasks, and make sure coordination and progress is ongoing.

1. Box Elder Creek Ranch Subdivision

Element will report general administrative engineering items pertaining to the Box Elder Creek Ranch subdivision in this section.

No work this period.

2. Rocking Horse Farms Subdivision

Element will report general administrative engineering items pertaining to the Rocking Horse Farms subdivision in this section.

Element has coordinated with REC to complete the recommendation for final acceptance of the Rocking Horse Farms Pump Station Replacement Project. The project was completed on July 22, 2020, and has been successfully operating since startup. The 1-year warranty period has elapsed, and Element recommends final acceptance.

Element met with REC at RHF on January 21st, 2022 to discuss replacement of the RHF control valves. It was determined that an insertion valve could be installed downstream of the control valve to shut the tank off. A new electrically actuated gate valve could then be installed in the vault. It is recommended that two manual gate valves with wheels be installed on either side of the new actuated valve. This time was billed to General Engineering: Operations.

No work this period.

3. Greatrock North Subdivision

Element will report general administrative engineering items pertaining to the Greatrock North subdivision in this section.

No work this period.

4. Hayesmount Estates Subdivision

Element will report general administrative engineering items pertaining to the Hayesmount Estates subdivision in this section.

No work this period.

GENERAL ENGINEERING - OPERATIONS

47

Element will report on water accounting, use, water quality, and electrical usage, and pond levels in this section. We are working on on-boarding and coordination with REC so that we may obtain data for regular reporting.

Element met with REC on January 21st, 2022 to discuss the rocks in the concentrate line. It was determined that the line could be temporarily shut down (turn off WTP) and the line upstream of the control valve could be shut. The concentrate line could then be pumped out (water discharging to the adjacent concentrate pond) and the line could be excavated, opened, and the rocks removed. Upon removal the line would need to be replaced in the excavated area.

No work this period.

DEVELOPMENT SERVICES

1. Country Club Ranchettes Filing No. 1

Element has contacted Jay Scolnick and his contractor (Three Sons Construction) to set up a preconstruction meeting. The meeting is tentatively scheduled to be held onsite during the weeks of July 5, 2021, or July 12[,] 2021 depending on final construction permit issuance from Adams County. Three Sons Construction has started the submittal process with Element. We are reviewing submittals per the district's rules and regulations.

Element will discuss construction observation and management roles and responsibilities with REC and CLA to clearly define task responsibility between each entity.

Element will be responsible for onsite construction observation. Submittals have been received and reviewed. A pre-construction meeting was held on July 16th, 2021. Onsite construction work started on July 21st, 2021 Element will be providing full time observation for the first week, and scale back observation time if we feel the contractor is completing acceptable work. Element provided the district with an estimated number of hours for onsite work that included the pre-construction, observation, GPS services and final walkthrough.

Element has completed construction observation and oversite during construction. Adams County notified the developer (Jay) and their engineer (Manhard) that their fire hydrant design and installation was three feet too close to the centerline of the asphalt roadway. The hydrants are required to be moved, which will require a new pressure test. An exhibit of this relocation is attached to this board report.

Element inspected and coordinated work on the fire hydrant relocation.

Minor construction observation/coordination occurred during this reporting period. Initial acceptance will occur after the surface improvements are complete (pavement, etc).

Element was notified that paving would occur at the project during the month of December. Upon completion of surface improvements an initial acceptance walkthrough will be completed.

Element completed an initial acceptance walkthrough and compiled the attached punch list and closeout requirements. A letter was sent to the developer on June 23, 2022, and we are awaiting a response and required items.

Element has received a draft Bill of Sale and as-built documentation. We are waiting on final documents for initial acceptance.

We have final documents for Initial Acceptance and anticipate board approval during the February meeting. These documents have been submitted to the attorney for review.

Element is planning to GIS the new infrastructure in CCRF1 and upload it to the district's GIS software. Work should be completed during the month of June.

The GIS work for the Country Club Ranchettes Filing 1 work has been completed and the all linework and data added to the district's GIS system.

2. Country Club Ranchettes Filing No. 2

On Wednesday January 26th, 2022. Element met with the developer to discuss inclusion of CCR Filing 2. There were no specific engineering related action items immediately necessary at the meeting. When the inclusion packet is submitted, Element will complete necessary review tasks.

The inclusion agreement for CCR F2 has been submitted and Element is working with the district's consulting team to review and provide comments.

Element met with the district staff to review the inclusion agreement. During this review it was determined that a capacity analysis would need to be updated to document that the district has adequate capacity to serve CCR F2. This capacity analysis will be completed to ensure the inclusion can be adequately served by existing district infrastructure, or if additional infrastructure by the developer is required.

A district-wide capacity analysis is currently being worked on. This will assist in determining what, if any, capital improvements are necessary for the CCRF1 Inclusion Agreement.

3. Ridgeview Estates

This subdivision has gained Initial Acceptance.

No work this period.

4. Epic Estates

Element attended a meeting discussing water rights and potential water treatment for the proposed development.

Element attended an inclusion meeting at the CLA offices to discuss the Epic Estates inclusion process and needed information. We specifically requested water quality results from Epic's raw water wells. A sampling and testing battery of necessary information was sent to Epic Estates.

No work this period.

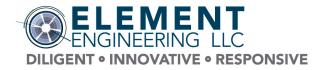

5. Horse Creek Retreat

No work this period.

OTHER PROJECTS:

1. 2023 Tap Fee Update

The GNWSD board approved Element to compile an updated tap fee analysis. This work is currently being assigned to our staff and is being compiled. We are completing a district-wide capacity analysis prior to finalizing this tap fee analysis.

July 6, 2023

Ms. Lisa Johnson Greatrock north Water and Sanitation District District Manager 16393 Rayburn Street Hudson, CO 80603 Alma, CO 80420

Re: Third Concentrate Pond Project

Recommendation for Construction Manager at Risk (CMAR) Firm Award

Dear Ms. Johnson

On June 9, 2023, Element Engineering, LLC (Element) received two (2) proposals from Construction Manager at Risk (CMAR) firms Interested in the town's Third Concentrate Pond Project. Proposals were received from Performance Energy Services (PES) and CGRS, Inc.

The RFP provided a detailed scope of services and required each firm to submit a breakdown of costs and percentages to draw an equitable comparison between each submittal. To determine the level of service from each firm, Element has reviewed each proposal in depth and has contacted individual contractors to request clarifications on proposals. All four firms have provided information and logs of work that prove they are highly qualified to complete the work as requested.

Element completed a detailed review of each proposal including reviewing proposed fees, personnel comparisons, similar project references, and safety ratings such as (EMR) Experience Modification Rate and (TRIR) Total Recordable Incident Rate.

EMR is determined by comparing a company's actual workers' compensation claims experience to the expected claims experience for a company in their industry. The calculation considers both the frequency and the severity of the claims and is based on the data from the company's past three years of workers' compensation insurance. The lower the average EMR the better. The table below shows each contractor's EMR rating.

EMR (Experience Modification Rate))
Contractor	2020	2021	2022	Avg
PES	0.82	0.74	0.82	0.79
CGRS	0.92	0.92	0.72	0.85

TRIR is a safety metric developed by OSHA (Occupational Safety and Health Administration) that's used to benchmark safety performance. It's a measure of the number of recordable incidents per 100 full-time workers during a one-year period. The following table(s) detail the comparisons between each contractor based on number of employees. The lower the average TRIR the better. The table below shows each contractor's TRIR rating.

TRIR (Total Recordable Incident Rate)				
Contractor	2020	2021	2022	AVG
PES	0	0.53	0	0.53
CGRS	0.92	1.83	0.91	1.22

Based on the tables above and a three-year average of total man hours worked, Performance Energy Services Performed best in their fields having the lowest 3-year averages. Having companies that care about the well-being of employees and their families is crucial to the success of a project.

Both PES and CGRS provided projects that pertain to the Third Concentrate Pond Project. Either firm would qualify to perform the work requested. PES has also incorporated Vortex Services into their proposal. Vortex Services specializes in trenchless pipelines and repairs. This could be a valuable approach to the project through residential and high-volume utility areas.

Element also reviews intangibles for each firm such as time and effort spent making sure that proposals were well crafted for the proposed project, and that the proposed project is well understood. Each firm offered Ideas for value engineering. CGRS and PES both offered the idea of removing the moisture conditioning specification outside the envelop of the concentrate pond. This could be a time and cost savings to the district. If the dirt must be moisture conditioned, PES proposed using water from the existing lagoons as a cost savings. This could significantly reduce the water levels and volume of water stored in the existing concentrate ponds.

After review of qualifications, Element completed a detailed review of the proposed costs submitted by all firms. Our request for proposal requested cost for design phase services, lump sum pricing for general conditions, percentage of overhead and profit, percentage of insurance, percentage of bonds, and percentage of small tools associated with the project. PES and CGRS are two very professional and highly qualified firms. Please note PES is also offering a "no cost fee" for the Construction Phase Services. A summary of each firm's proposed costs is shown in the following table.

		Performance Energy	CGRS
ltem No.	Description	CMAR Entered Value	CMAR Entered Value
item No.	Description	(\$ or %)	(\$ or %)
1	Lump Sum Price for Design and Constructability Services	N/A	\$ 18,770.00
2	*Lump Sum Price for General Conditions Associated with Project	\$ 401,786.00	\$ 198,500.00
3	Percentage of Subtotal of the Overhead and Profit Associated with Project	18%	11%
4	Percentage of the Subtotal of the Insurance Associated with Project	N/A	1.00%
5	Percentage of the Construction Subtotal for Bonds and Insurance Associated with Project		1.50%
6	Percentage of Labor Costs for the Small Tools Associated with Project	5%	4%
*Minimum services for this line item include project superintendents, project management,			

*Minimum services for this line item include project superintendents, project management, supportive staff, labor, travel, housing, and burden/insurance for management staff to fulfill full CMAR responsibilities (see 4.2). Also included are temporary facilities such as CMAR offices, trash removal, toilets, and site security.

After careful consideration of all bid submittals, Element recommends Performance Energy Services (PES). We believe PES provided the strongest resumes and proposal.

If you have any questions regarding this matter, please to not hesitate to contact me by phone at 303.378.2969 or by email at <u>mmarcotte@elementengineering.net</u>.

Sincerely,

ELEMENT ENGINEERING, LLC

Greatrock North Water & Sewer District ORC Report July 17, 2023

Rocking Horse Farms Tank Fill Valve

The RHF Tank fill valve is experiencing ongoing issues with automatic control. REC and TLECC verified the issues are not electrical or SCADA control problems. A local CLA-Valve representative was contacted to schedule a site visit to inspect the valve to determine the best course of action moving forward. In the meantime, tank fill is being manually controlled by REC.

Update – Local CLA-Valve Representative, Pipestone Equipment, onsite to access RHF fill valve. Pipestone Equipment believes the control issues are due to an internal pressure loss through the internal components of the valve. REC is coordinating with Element Engineering to develop a plan to isolate the valve for inspection. Presently there is no isolation valve within the PRV pit, and no valves are indicated on plant drawings. Repair and/or replacement will need to take place during low demand season due to the inability to fill the tank while the valve is out of service.

Update – Site walk-through is scheduled for the first week of January with Element Engineering to review site layouts and develop plans for repairs.

Update – Site walk-thru completed with Element Engineering and Moltz Construction. After reviewing of site layout and plans it is confirmed there is no known isolation valve for the RHF tank fill valve. Element Engineering and REC developing plans for repair, but it is likely an insertion-type isolation valve will need to be installed before the replacement of the RHF fill valve.

Update – Element Engineering is developing the scope of work for Moltz Construction to repair.

RO Building Decommissioning

REC, Element Engineering, and Moltz construction are working together to locate the currently unknown source of water that is supplying back-pressure to the old RO treatment building. The backpressure source will need to be located and isolated prior to being able to complete the decommissioning of the old RO building.

Update 11/16/2022 – Altitude Leak Detection onsite to determine if BECR storage tank valves are leaking water when closed. Altitude Leak Detection was able to determine the south storage tank isolation valve is leaking water by when closed.

Update 4/4/23 - American West Construction and REC completed site walk to review scope of work for American West Construction to provide an estimate.

Update 5/15/23 – Northern Colorado Constructors and REC completed site walk to review scope of work for NCC to provide an estimate.

Augmentation

On 6/5/23 BBA Water requested augmentation be shut off for the remainder of the month. On 6/6/23 augmentation was shut down until further notice.

Additional Activities

On 6/7/23 water service was temporarily shut off to residents near 28395 E 163rd Place so repairs could be made to the meter pit to prevent future freezing. Once repairs were completed to the meter pit water service was returned and hydrants flushed in the area.

On 6/25/23 operations responded to overvoltage fault on Alluvial Well 2 and the fault would not clear. Applied Ingenuity onsite on 6/26/23 to troubleshoot the Alluvial Well 2 and determined there was short in the motor for Alluvial Well 2 and the motor would need to be replaced. On 6/30/23 Applied Ingenuity was back onsite to replace the Alluvial Well 2 pump and motor. Once the replacement was complete normal operations were resumed. Water Quality

Resolution No. 2023-07-01

RESOLUTION AND ORDER FOR INCLUSION OF PROPERTY BY THE BOARD OF DIRECTORS OF THE GREATROCK NORTH WATER AND SANITATION DISTRICT

(Country Club Ranchettes, Filing No. 2)

WHEREAS, PREMIER COMMUNITY DEVELOPMENTS LTD., an Arizona corporation, whose address is 1635 E. Layton Drive; Englewood, Colorado (the "Petitioner"), filed with the Greatrock North Water and Sanitation District (the "District") a Petition for Inclusion of Real Property (the "Petition"), a copy of which is attached hereto as **Exhibit A**, and incorporated herein by this reference; and

WHEREAS, the Petitioner represents that it is the one hundred percent (100%) fee owner of the real property described in the Petition (the "Property"); and

WHEREAS, the Petition requests that the Board of Directors of the District (the "Board") include the Property into the District, in accordance with § 32-1-401(1)(a), C.R.S.; and

WHEREAS, pursuant to the provisions of § 32-1-401(1)(b), C.R.S., publication of notice of the filing of the Petition and the place, time and date of the public meeting at which the Petition would be considered, the name and address of the Petitioner and notice that all persons interested shall appear at such time and place and show cause in writing why the Petition should not be granted, was made in the *Brighton Standard Blade* on April 6, 2023. The Affidavit of Publication is attached hereto as **Exhibit B-1** and incorporated herein by this reference; and

WHEREAS, no written objection to the inclusion was filed by any person; and

WHEREAS, pursuant to the District's Service Plan and § 32-1-207(3)(b), C.R.S., the District is required to provide a 45-day notice to the Adams County Board of County Commissioners (the "BOCC") advising of its intent to include property into its boundaries; and

WHEREAS, on June 30, 2023, notice of the District's intent to include the property was mailed to the BOCC and filed with the Adams County District Court, and, on July 13, 2023, notice was published in the *Brighton Standard Blade*. The Affidavit of Publication is attached hereto as **Exhibit B-2** and incorporated herein by this reference; and

WHEREAS, the 45-day period for the BOCC to register objections with the District for the inclusion expires on August 27, 2023, and this inclusion is conditioned upon no objections being filed; and

WHEREAS, the Petition was heard at a public meeting of the Board of the District held on May, 2, 2023, which hearing was continued to June 6, 2023, and again continued to July 17, 2023, each at the hour of 4:30 p.m.; and

WHEREAS, the Board has reviewed the Petition and all relevant information related thereto; and

WHEREAS, subject to the conditions set forth herein, the Board of the District desires to grant the Petition and approve the inclusion of the Property into the District.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD AS FOLLOWS:

1. <u>Grant of Petition</u>. The Board hereby grants the Petition and orders the inclusion of the Property into the District.

2. <u>Conditions of Inclusion</u>. The inclusion of the Property into the District is specifically conditioned upon:

a. Receipt of a certified Order for inclusion from the Adams County District;

Court.

b. Full execution of the Inclusion Agreement with the Petitioner;

c. Full execution of the Second Amendment to Inclusion Agreement (Homestead Heights II) with Country Club Ranchettes, LLC, and Country Club Ranchettes Homeowners Association, Inc;

d. Pursuant to Section 32-1-207(3), C.R.S., no action to enjoin this inclusion is brought forty-five (45) days from the publication of the Notice of Intent to Include Property, which date is August 27, 2023.

3. <u>Effective Date of Resolution</u>. This Resolution shall become effective as of the date hereof.

4. <u>Motion and Order for Inclusion</u>. Upon the satisfaction of the Conditions of Inclusion, the Board hereby directs its legal counsel to file a motion with the District Court in and for Adams County seeking an Order for Inclusion.

(Petition for Inclusion)

PETITION FOR INCLUSION OF PROPERTY

(Country Club Ranchettes, Filing No. 2)

TO: THE BOARD OF DIRECTORS OF THE GREATROCK NORTH WATER & SANITATION DISTRICT, ADAMS COUNTY, COLORADO

Pursuant to the provisions of §§ 32-1-401, *et seq.*, C.R.S., **PREMIER COMMUNITY DEVELOPMENTS LTD.**, an Arizona corporation (the "Petitioner") hereby respectfully requests that the **GREATROCK NORTH WATER & SANITATION DISTRICT** (the "District"), by and through its Board of Directors, include the real property described in **Exhibit A**, attached hereto and incorporated herein by this reference (the "Property"), into the boundaries of the District.

The Petitioner hereby represents and warrants to the District that it is the one hundred percent (100%) fee owner of the Property and that no other person, persons, entity or entities own an interest therein except as beneficial holders of encumbrances, if any. The Petitioner hereby assents to the inclusion of the Property into the boundaries of the District and to the entry of an Order by the District Court in and for Adams County, including the Property into the boundaries of the District.

The Petitioner hereby acknowledges that, without the consent of the Board of Directors of the District, it cannot withdraw its Petition once the notice of the public hearing on the Petition has been published.

The name and address of the Petitioner is as follows:

Premier Community Developments Ltd. 1635 East Layton Drive Englewood, Colorado 80113-7000
